PROFILE

Results-driven UI Developer with over 9 years of experience in architecting responsive, high-performance web interfaces. Expert in HTML5, CSS3, jQuery, Bootstrap, Tailwind CSS, and Figma, with intermediate React.js skills and a proven track record of transforming complex designs into pixel-perfect, production-ready components. Adept at leading front-end initiatives, optimising UI performance, and collaborating across cross-functional teams to deliver scalable, user-centric solutions in technology and healthcare sectors.

WORK EXPERIENCE

UI Developer

eNoah iSolution Pvt Ltd, Chennai | January 2020 – February 2026

- Engineered responsive and reusable UI components using React.js and Tailwind CSS, significantly improving front-end development efficiency and code maintainability.
- Transformed complex Figma mock-ups into pixel-perfect, production-ready interfaces, ensuring high-fidelity design implementation across all platforms.
- Architected interactive dashboards including a Skillset Matrix and Floor Plan UI, enhancing data visualisation and user engagement for internal tools.
- Optimised UI performance and cross-browser compatibility, resulting in a smoother user experience and reduced page load times.
- Collaborated with cross-functional teams to streamline the design-to-development workflow, reducing turnaround time for new feature deployments.
- Designed and implemented responsive user interfaces, improving user engagement by 30% across multiple platforms.
- Collaborated with UX designers to refine prototypes, reducing development time by 20% and enhancing usability.
- Optimised front-end code, achieving a 40% improvement in application load speed and overall performance.
- Conducted user-testing sessions, providing actionable insights that led to a 25% increase in user satisfaction scores.

UI Developer

iGrid Consulting Service Pvt Ltd, Chennai | July 2019 – January 2020

- Developed 10+ reusable UI components using HTML, CSS, and JavaScript, significantly accelerating development cycles and ensuring design consistency.
- Collaborated with a cross-functional team of 10+ developers and designers to deliver high-quality, responsive web pages.
- Improved user experience through structured layouts and clean UI components, ensuring seamless performance across diverse devices and browsers.
- Enhanced user interface responsiveness, increasing page load speed by 30% across multiple devices.
- Implemented modular CSS frameworks, reducing code redundancy by 40% and improving maintainability.
- Developed and optimised JavaScript functions, decreasing runtime errors by 50% within the application.

Web Designer

Vistara Health and Technologies Pvt Ltd, Chennai | May 2017 – October 2018

- Contributed to the product-based healthcare platform "HealthOyo" by designing and maintaining responsive web applications.
- Developed scalable user interface components using HTML, CSS, Bootstrap, and jQuery.
- Integrated new components while ensuring cross-browser compatibility and optimising performance by 50%.
- Collaborated with cross-functional teams to enhance user experience and improve platform stability by 15%.
- Optimised website performance, achieving a 40% reduction in loading time, leading to higher user retention.

Web Designer

Winnipeg Technical Services and Solutions, Chennai | July 2015 – August 2016

- Worked at a Canadian startup designing multiple websites, contributing to a 40% increase in company growth and gaining strong expertise in responsive web design.
- Collaborated with developers to implement SEO best practices, boosting organic traffic by 40% within six months.
- Built fully responsive websites using Bootstrap, strengthening expertise in modern web design and user experience.
